

the **ART** of Empowerment

Beautiful things that matter, matter more.

Pure Felt is a nonprofit organisation that empowers unemployed youth and women in high-unemployment and low-privileged areas. Jointly with our participants and partners we create extraordinary interior felt art installations which are commissioned by organisations from all over the world who support our mission. On each art commission we train and employ our participants. They generate sustainable income through (re-)employment on art commissions as well as through the creation of Pure Felt interior design felt products by their felt microbusinesses.

WHY - THE IMPACT OF PURE FELT

-we cover 7 of the 17 UN sustainable development goals-

WHAT & HOW
